SUBJECT : 2-DAY PECASEO CONVERGENCE

Greetings of Peace and Solidarity from PHILRECA!

The Philippine Electric Cooperatives Association of Safety and Environmental Officers or PECASEO is the national organization of safety practitioners established in 2019. Considering that EC personnel are highly susceptible to hazards the come with their duty, PECASEO is put in a vital position to monitor and make necessary recommendations on how to increase awareness and standardize safety measures and procedures in the workplace.

One of the organization's goals for this year is to conduct their **2-Day PECASEO Convergence** on **February 27-28, 2023, 8:00 AM - 5:00 PM** at **Manila** that will include topics and discussions on the prevailing concerns and challenges in relation to their roles as safety officers. The event shall also provide a venue for the members to benchmark and share their best practices with other ECs.

As such, may we appeal for the attendance of all safety and environmental officers, pollution officers, HR practitioners on safety, company, nurse, and health and safety committee chairmen/members of the electric cooperatives. You may register your attendees not later than **February 10** via this link:
